'Stupid Error' Sinks San Diego Sewers

District To Be Formed

Street Lights To Come At Last To Lemon Grove

It may be a well-lighted Christmas for Lemon Grove shoppers this year.

Possibilities of a street lighting district by which Broadway will be illuminated from Imperial to Grove street appeared to be bright this week.

Under the sponsorship of the L. G. Chamber of Commerce, the S.D. Gas and Electric Co. was preparing petitions for the district's formation this week. Edwin Koester, manager of the Chamber said he would circulate the petitions next week. He said that 65 per cent of the proposed district's assessed valuation is required to put the district into being. He said that he already had 75 per cent of 22 separate property owners in verbal agreement. He could not estimate the value of the property already committed.

Under the program double-armed ornamental standards carrying two 20,000 lumen mercury vapor lights would be installed at 150 feet intervals staggered on each side of the street.

Two possible installations are being discussed. One would have the standards installed along the present curb lines. The other, the recommended installation, would have the standards set 42 feet from Broadway's centerline. This would leave 34 feet between the lights and the present curb. A two foot riser running parallel with the line of light standards would act as a traffic control and as protection for the lights, Koester said.

WHO'S TO PAY

Cost of the district will be borne by property owners facing the lights. Estimates of $7 a front foot one-time installation costs would be assessed on Broadway. The county will maintain the lights for an estimated two and a half cents a foot a month. Energy for lights, estimated at two cents a foot, will also be charged.

Should the standards be erected at the 42-feet-from-centerline point, it would be tied in with the county's planned improvement of Broadway, an improvement yet to be budgeted. Road authorities see Broadway with four traffic lanes and center islands when funds are eventually set aside for the improvement.

The district, if formed, would have the lights installed by the contractor who successfully negotiates a cantract with the Gasco.

MAYBE BY CHRISTMAS

Koester said that a remote possibility exists for having lights installed by Christmas, but it would take "a near miracle" to do it.

That installation will come soon after the first of the year is a better guess, Koester said.

Man Fined $500 For Slaying Deer

It cost a Spring Valley man $500 to kill a deer out of season.

The penalty was the fine evoked by El Cajon Municipal Court Judge R. Fenton Garfield against Loy Anders, 26, an aircraft worker who lives at 8689 Lamar st.

State Game Warden Bob Jordan said Anders admitted that he killed the deer on Mt. Laguna early in June. Anders used a bow and arrow, he said.

Warden Jordan, following a tip, went to Anders' home and found eight pounds of venison in a freezer and uncovered a deer hide which had been buried in the backyard.

Former Drive-In Owner Returns To Business Here

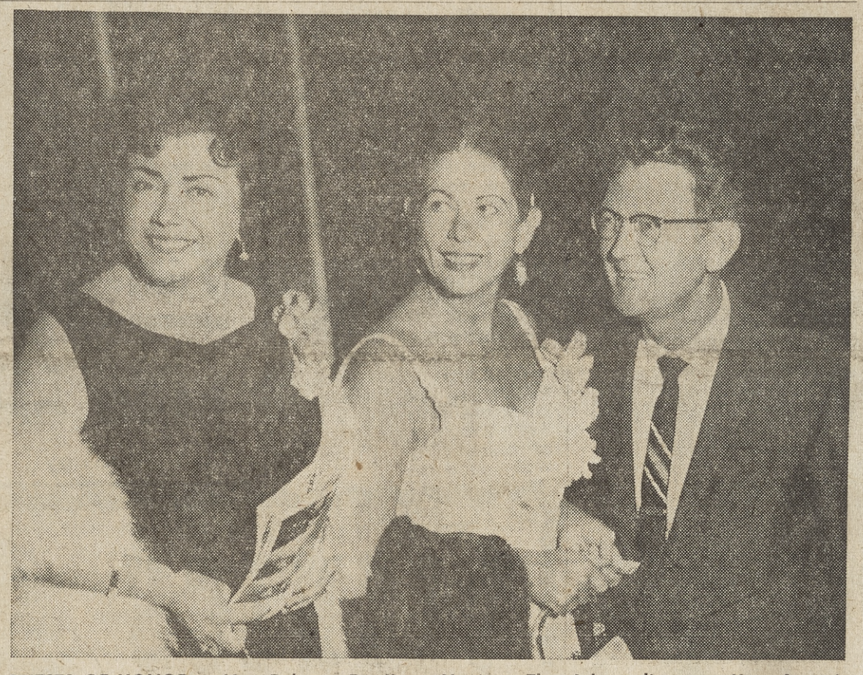
After five years of business at his downtown restaurant, Mike Randazzo has returned to Lemon Grove as owner and manager of Mike's Chili House at 7340 Broadway.

Mike was once owner of the Lemon Grove Drive-in, which he stopped operating in 1956. His wife, Cele, and his son Mike, 13, help in running the new restaurant, where they serve all types of food from 8 a.m. to 3 a.m.

Monte Vista PTA Plans First Program

The new Monte Vista High School PTA, with president Mrs. Earl (Carol) Casner, is making extensive plans for the new school and its first year's program. A definite schedule will be released soon.

The new school offices are now open for business, according to Stan McClintic, principal. The school is on Sweetwater Springs blvd. in eastern Spring Valley.



GUESTS OF HONOR — Mrs. Rebecca De Jimenez, president of the Soroptimist Club of Tijuana, Dr. Amorita Treganza of the Soroptimist Club of Lemon Grove, and her husband, Dr. Lloyd Adams, were guests of honor Friday night at the inaugural "Fiesta Night" at the Jai Alai Fronton in Tijuana, Mexico. The Adams lives on Kempf st. in Lemon Grove. San Diego service and social club members and their counterparts in Tijuana will take part in future "Fiesta Nights," planned as a "hands-across-the-border" gesture in international goodwill.

Spring Valley Sewer Project Not Affected

SAN DIEGO (CNS) — South County hopes for an early solution to serious sewage disposal problems were dashed this week with announcement that the City of San Diego is unable to go ahead with its proposed Metropolitan Sewer System.

But the dim picture was brightened by the fact that the Spring Valley Sanitation District will still construct its outfall line down Sweetwater Valley, thus relieving Sweetwater Valley of problems from Spring Valley effluent and permitting the latter area to continue its subdivision expansion.

San Diego city officials confessed to Chula Vista, Imperial Beach, Spring Valley Sanitation District and other area representatives at an emergency meeting Monday that the proposed metropolitan plan is "out the window."

Errors, still unexplained, amounting to $8 million in the estimating by the engineering firm that designed the proposed system have made the cost at least 15 per cent more than the bond issue approved for financing the project. The cost of the project will be nearer to $49 million than the $40½ million originally estimated.

E. W. Blom, assistant city manager, Monday traced for puzzled representatives of the agencies that have contracted for sewer service with San Diego, the events leading up to the bids that showed the present plan will have to be abandoned.

'STUPID ERROR'

Blom said the mistake apparently came from a "very stupid error" made by an estimator for the engineering firm when he applied wrong unit costs in making up his estimates.

After the hour and a half session, Jean L. Vincenz, county public works director, said the Spring Valley line will still be built, with the effluent to be discharged into San Diego Bay at the foot of Sweetwater Valley.

Vincenz said that the completion of the Sweetwater Valley line was anticipated for a date prior to the metropolitan system around the bay, so that the effluent was to be discharged into the bay anyway until the major project was finished.

"It may just take longer before the metropolitan sewer line along Montgomery Freeway is finished," Vincenz told a reporter, "but our plan is still to go on with the outfall in Sweetwater Valley."

Blom, in his report on San Diego's plight, said that until early July the city still felt the sewer project would be within the $42,500,000 bond issues. One of the last of a series of estimates then put the cost at $42,600,000, but the city felt that the 4 per cent interest rate for which it had sold its bonds was enough better than the 4.5 per cent the city expected to pay to offset the difference, he declared.

BAD NEWS

But the bad news began on July 6, Blom said, when the low bids on two pumping stations came in $300,000 more than anticipated.

"We were disturbed," Blom said, "but not seriously alarmed. Then we got the shock." This was when bids for the line from Civic Center out to the second pumping station came in 20 per cent over the estimate.

"Something was obviously seriously wrong," Blom declared. He added that the engineering firm, Holmes and Narver-Montgomery, immediately began to re-check its estimates.

The Civic Center line estimates were wrong because of a "stupid error," Blom said. A new estimate was then submitted by the engineers on the outfall, raising the cost from a little over $5,000,000 to "somewhere between six and nine million, he said.

This estimate, Blom revealed, came in on July 17, while the bids that were opened on July 21 showed the outfall would cost almost $11,000,000.

All bids are being returned, Blom declared. The total cost of the project will be almost $50,000,000, and the city cannot proceed with the project because it does not have the funds from the bond issue, he added.

Local Men Join S.D. Ad Agency

Two area men have been executives with Champ, Wilson and Slocum, a San Diego advertising and public relations firm.

The men are Robert M. Michetti of 9265 Hillside dr., Spring Valley and Roy E. Simon of Vista del Sol in the Mt. Helix area.

Gerald F. Champ Sr., founder of the 35-year-old agency handling retail and industrial advertising and public relations locally and nationally, said that Michetti will continue to serve as an account executive with the overall agency responsibility of production and creative art supervision.

Champ said that Simon, former advertising and promotions manager for Mayfair Markets San Diego division, will service a number of local retail advertising accounts.

ROBERT MICHETTI

ATTENDED ART SCHOOL

Michetti joined Champ, Wilson and Slocum as an artist in 1952. He attended art and advertising schools in San Francisco and Los Angeles.

Michetti is a native of San Francisco.

Simon, 35, has been with Champ, Wilson and Slocum for the past six months. Prior to a two-year association with Mayfair, he was an account executive and merchandising director with Campbell-Mithun, Inc., Chicago. Earlier he had operated his own agency in Los Angeles. He is originally from Mountain Hope, Arkansas.

Sheet Metal Worker Dies At Plant Here

Harold C. Woodring, 50, was pronounced dead from an apparent heart attack at about 2:30 p.m. on July 20 after the Lemon Grove Fire Department had tried vainly to revive him when he collapsed on his job at the Lemon Grove sheet metal company on Olive street.

Firemen attempted for about half an hour to bring him around with resuscitator treatment. A reserve police officer from Escondido, Woodring lived at 2160 Bernardo st. in that city.

Miguel Corps Plans Carwash In Grove

Mt. Miguel High School Cape and Cadence Corps will hold a carwash on Aug. 5 from 8:30-5:30 p.m. at the Bud Young Chevron service station at Imperial and Palm sts. in Lemon Grove. Tickets purchased beforehand are 80 cents and those purchased there will be $1.

Frank Bergers Return After Texas Mishap

Spring Valley fire chief Frank Berger, who with his wife and children, was hurt in an auto accident in Texas on July 10, is home again. He and his wife, Lucille, were flown to San Diego on July 19 and he was taken to Grossmont Hospital, where he remained five days.

The three Berger children were sent home soon after the accident. Each was injured slightly, the eldest having had several teeth knocked out. Mrs. Berger has a badly bruised leg. Chief Berger was the most seriously injured, with many broken bones and concussion.

In a telephone conversation with Mrs. Berger Tuesday, this paper learned that the chief, whose jaw was broken, has had it rewired and a new cast put on one leg. Mrs. Berger said it sure was "good to get home" but she paid a great tribute to the fire department of Midland, Texas, where the accident occurred. She said the Bergers were treated royally. She remarked that it was unbelievable that they were strangers in the morning and that by nightfall they knew over 150 people.

SV 'Ham' Heads Communications For Powderpuff Derby

TALKING TO TEXAS — Conversing with another ham radio operator in La Porte, Tex., is Mrs. Barbara Davis of 9319 Vista dr. in Spring Valley. With a turn of the dial she can converse with people practically anywhere in the world. Mrs. Davis, who got her FCC novice license in 1957, recently was in charge of communications at the Ninety-Nines Convention and the cross-country Powder Puff Derby air race which started in San Diego. Her husband, an electrician, is also a ham operator and they have a mobile unit in addition to the one in their ham shack behind their house.

Not only did Mrs. Davis aid in communications between El Cortez hotel, headquarters of the Ninety-Nines, and Montgomery Field, from where the race began, she followed some of the planes in their flight across country. Her radio net was the first to find a missing plane near Dallas. Mrs. Davis is proud of what so far is her distance record. She spoke to a ham operator in Leopoldville in the Belgian Congo. She says she doesn't expect to break that record soon. The Davis family includes three children, Robert, 17, Judy, 14, and Mike, 10.

The La Porte, Tex., operator told Mrs. Davis that there was some interference but that he was reading her loud and clear. Staff photo.

Ambassadors Read Newspapers

The first Regional Foreign Policy Briefing Conference ever held by the State Department was run off Thursday of last week in San Francisco.

It was held under joint sponsorship with the World Affair Council of N. Calif., under an announced policy of more to come if the first conference proved successful.

Successful, it was, with a few qualifications. We felt the Cuban situation was as enigmatic to the State boys as it is to the taxpayer. One representative admitted that he got much of his information regarding Cuba from the newspapers. It is only fair to state that Cuba was not the area of this man's State Department interest.

The Conference offered 500 newsmen and community leaders who are not able to get to Washington regularly for "horse's mouth" information, a chance to get better oriented to our country's position in affairs of the world, and indeed affairs of the universe.

The discussions were of background nature with members being warned that details were not for attribution. Clare Timberlake, ambassador to the Republic of Congo reported on the uprisings at Leopoldville and Katanga. Walter P. McConaughy, Assistant Secretary of State for Eastern Affairs, gave reason for optimism in the free world. He ticked off the eight countries of the thirteen in his area of activity that had achieved independence since 1932.

Henry Labouisse, director of the International Cooperation Administration reported the announced program of substituting goods and service for gold in the U.S. aid programs is progressing well. Wymberley DeR. Coerr, deputy assistant Secretary of State for Inter-American Affairs was a "hope and despair" speaker but included an overtone of slow but steady progress being made in South America. Details regarding Cuba were circumnavigated.

The highlight of the conference came when Ambassador Charles "Chip" Bohlen, Special Assistant to the Secretary of State spoke. Bohlen, an old pro (since 1929) who was once ambassador to Russia (1953-57) gave character to the Conference. He exuded confidence as he summed up the free world's position in an attributable statement following questions which tended to equate Berlin today to Yalta of yesteryear. Bohlen replied he had been at Yalta with the free world negotiations. It was Stalin, he said, who held his hands over his head at an early morning hour and said "I give up" to

C of C Gets Holy Land Key To City

FROM BETHLEHEM — An exchange of keys to the city brought a tie of friendship between Lemon Grove and Bethlehem, Jordan, last week.

The key to the city of Bethlehem was brought here by the Honorable Ayoub Mussallam and presented to Lemon Grove Chamber of Commerce Manager Edwin Koester. Mayor Mussallam is touring the United States after attending the Lions International Convention at Atlantic City recently. He was guest here of Wallace Dorman, a Lemon Grove attorney who is also District Governor of the Lions Club in the southwest sector.

Mayor Mussallam accepted with interest a copy of this newspaper's traditional Christmas edition in which the birth of Christ is given modern newsgathering treatment. The edition attracts nationwide attention each year. Mayor Mussallam offered to send a message to local residents from Bethlehem for next year's edition. He is also owner of the weekly political magazine "The Manger" which is circulated througout Jordan.

In the photo are Mayor Mussallam; Edwin Koester, chamber manager; Mrs. Mussallam and Mrs. Elinor Schneeloth, chamber secretary.

Do you think President Kennedy should ask for semi-mobilization?

Mrs. Alex Antonette, housewife, 3265 Buena Vista, Lemon Grove:

MRS. ALEX ANTONETTE

"Yes. The nation can't be protected if there aren't men in the service. We've backed up long enough and need to take a firm stand, although I don't feel there's an imminent danger of war. But semi-mobilization would be more a show of strength than intention to go to war.

"If trouble happens over Berlin it would flare into World War III. Preparedness is the best way to prevent war and the chance that the nation might partially mobilize at this time indicates national alertness."

Richard W. Robinson, manufacturers' representative, 8680 Golf dr., Spring Valley:

RICHARD W. ROBINSON

"No. I think we've already expressed our attitude on the Berlin situation strongly enough. If we continue to prepare ourselves in national defense and psychologically for war, this preparation can only culminate in war. History bears this out.

"We should put more emphasis on bettering our foreign relations in order to establish peace. We should work toward an intelligent understanding of foreign peoples. I believe Russia excels at this and I think that the money we're constantly spending to get ahead of Russia in the arms race is a waste."

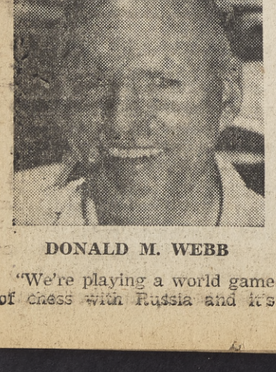
Mrs. Elmer L. Simmons, housewife, 2527 Morningside dr., San Diego:

MRS. ELMER L. SIMMONS

"If Congress goes along with President Kennedy's request for semi-mobilization, I would go along with it too. Whatever it takes to show Russia that we're not backing down one inch is what we should do.

Preparedness is our best survival program. And we should have plenty of men in the service even though the next war might be a nuclear one. I doubt whether Congress will agree to semi-mobilization."

Donald M. Webb, laboratory technician at Scripps Institute, 1636 Larwood, Lemon Grove:



DONALD M. WEBB

"We're playing a world game of chess with Russia and it's Kennedy's turn. If he calls for semi-mobilization, it will be the first positive move in foreign policy he's made. Although there might be a better way to spend money for national defense, I go along with semi-mobilization.

"If the Berlin situation is properly handled, and I think it will be, World War III can be prevented. Semi-mobilization, which ties in with the Berlin situation, is a small price to pay for preventing war. By the way, I don't think a nuclear war ever will occur. I think the nuclear weapons will be regarded as poison gas was in World War II. The gas was always available but no one used it."

Woman's Club Clubhouse Ransacked; Manure Stolen, In Light Crime Week

CLUBHOUSE ENTERED

An uninvited visitor prowled the L.G. Woman's Club clubhouse at 2810 Main st. last week but took nothing.

The prowler entered by way of a skylight and broke open four cabinets and a flag closet. Mrs. Nellie Mary Fisher reported the entry to the sheriff.

HOUSE RANSACKED

A Spring Valley house at 10002 Dolores st., was burglarized while Mrs. Helen Kie, the owner of the house, was in New York on vacation.

Thirty dollars damage was done in the bathroom and to the front door.

MANURE STOLEN

A green-thumbed thief with a taste for healthy plants took a 20-pound sack of green meadow steer manure from Madsen Nursery at 8710 S. Bonita st., Casa de Oro last week. According to Mrs. Madsen, who reported the theft to the sheriff, the culprit also took three hibiscus plants and a 60-pound bag of plant formula.

CASH REGISTER STOLEN

An electric cash register, valued at $1,500, was stolen from the Salvation Army's Lemon Grove thrift shop the same month they opened here for business. D. L. Fullerton, manager of the store at 7765 Broadway said that someone entered the store during last weekend. No money was in the register before or after.

SALE TO MINOR CHARGED

A citation, July 21, charged Harvey McHenry, an employe of the Homeland Liquor store, Casa de Oro, with selling alcoholic beverages to a minor. Four quarts of beer are involved.

COUPLE BREAKS $100 WINDOW

The front window of the Spring Valley Pet shop at 4405 Campo Rd., was broken Saturday morning about 2 a.m. The owner of a bar next door said that an arguing couple had left his premises just before the window was broken. During a scuffle, the woman was knocked against the window, valued at $100. The name of the people could not be ascertained.

The window was repaired but another window at the front of the pet store was cracked the next night as the result of another altercation. The names of the individuals involved in the second incident were not ascertained, either.

BOYS LIST BURGLARIES

Two area boys, 14 and 16, were apprehended last week in connection with a variety of burglaries and petty thefts. They admitted taking many items, most of which they said they threw away.

The younger boy admitted going into the L.G. Radio and Appliance store on Broadway. After seeing $15 on the counter the youngster purposely broke his transistor radio and asked the storekeeper to repair it. While the radio was being repaired, the youth took the money, waited for his radio and left.

Some of the items charged to the youths include the following: jug of apple juice; 80 pounds of brass fittings; a fishing tackle box containing Indianhead pennies; a claw hammer; lawn clippers; crescent wrench; coping saw; a flashlight; cartons of soft drinks and cartons of beer.

The boys were taken to juvenile hall. Their parents have been asked to make restitution.

Charter Night Set By Kiwanis

The new Spring Valley Kiwanis Club has completed plans for its "Charter Night" on Aug. 5 in the El Cajon Elks Club hall at 7:15 p.m. All Kiwanis of divisions 11, 21 and 31 and wives are invited. Tickets are on sale by the El Cajon Club at $2.75 each or may be purchased at the door. The affair is being sponsored by the El Cajon Kiwanis. Dress is informal.

Honored guest of the evening will be C. A. "Bud" Monroe, District Governor for California-Nevada-Hawaii, who will present the charter to the Spring Valley Club with Elmer Lash as president. Master of ceremonies will be John Davis, Lt. Gov. of division 31. Other guests will be John Dyster, Lt. Gov. of division 11, which includes part of the San Diego area, and Claude H. Evey, Lt. Gov. of division 21, part of San Diego.

S.D. University Presenting Comedy

Norman Krasna's bright two-act comedy, "Dear Ruth", will be the summer offering of the University of San Diego Masquers July 27, 28, 29 and 30 at the USD Little Ring Theatre in the Arts and Science building. Curtain time is 8:30 each evening.

The story of Dear Ruth concerns a young girl who carries on a romantic correspondence

SANDY CASSELL

with an overseas soldier in her elder sister's name.

Sandy Cassell, a 21-year-old San Diego University graduate student who will be playing one of the lead roles in the play, is the daughter of Mr. and Mrs. Stanley G. Cassell of 2191 El Dora, Monterey Heights, in Lemon Grove.

She is playing one of the befuddled parents of Ruth and teen-ager Miriam, who stir up the play's humorous conflict.

Government Committee To Do Study

The Better Government Committee of La Presa Colony will study community problems and make suggestions to the county planning commission, Donald E. Mills, head of the group, said following the July 25 public hearing at the Civic Center regarding rezoning of Jamacha blvd.

He said that the Aug. 11 hearing at the Civic Center will probably be the last time that people in his community will have a chance to voice their opinions on zoning in their area.

It is the opinion of the Better Government Committee, Mills pointed out, that there are more people who stand to lose if Jamacha blvd. is zoned commercially than there are who will gain.

"Some of the persons owning property on Jamacha blvd. don't care what happens to the community as long as they can make a fast buck," Mills said.

He said that overextended commercial zones only lead to cheap business frontage, which in turn attracts substandard businesses. He cited two area communities as examples of overextended commercial zones.

"What we need in La Presa," Mills said, "is more grass, more trees and more flowers and more of the type of residential buildup that we've seen in the past." He lives at 821 Paraiso ave. in La Presa Colony.

Mills announced that people in the community will be informed by telephone of the next meeting of the Better Government Committee.

Longfins Winning Out In Derby

The "chicken of the sea" strutted its stuff last week to capture all prizes in the 15th week of the San Diego Yellowtail Derby. For the second consecutive week, not one prize yellowtail was boated, while albacore continued an unprecedented tun.

First prize of a portable television set went to Guy L. Conrad, 400 N. 20th St., Montebello, for a 36-lb. 11-oz. albacore, taken on the Seaforth II.

R. F. Schoenbeck, 5321 Everts St., San Diego, fetched his 34-lb. 14-ouncer on the Alalunga to win second place. He will receive a Langly Dyna-Matic reel, rod, Maxima fishing line and Cornell auto tire.

Former Newsman To Teach Junior College Journalism

Ray P. Reynolds, assistant professor of journalism and public information officer at Fresno State College since 1959, will join the faculty of Grossmont College in September.

Grossmont College President John S. Hansen today announced Reynolds will teach journalism, serve as the college newspaper advisor, and handle college publicity.

Before going to Fresno State, Reynolds was education and books editor of the Fresno Bee. In addition to four years' employment on the Bee, he was for four years a copy editor on the New York World-Telegram and Sun; for five and a half years a reporter and editor on The Stars and Stripes in Europe; for two years the telegraph editor of the Lewiston, Idaho Tribune, and for one year a cub reporter on the Hartford, Conn. Courant.

During World War II Reynolds served on the Casablanca, Algiers, and Rome editions of the Stars and Stripes as an enlisted man. From 1953-1955 he was on the staff of the Darmstadt, Germany edition as a civilian.

Reynolds received his Bachelor of Arts degree in 1940 from Lafayette College, Easton, Pa., and his Master of Arts degree in 1941 from Occidental College.

Jack Tracy Named Kiwanis Secretary; Dr. Rosen Resigns

Jack Tracy, area general contractor, has been named new secretary of the Spring Valley Kiwanis Club. He succeeds Dr. Robert Rosen who tendered his resignation due to too many commitments, he stated.

The Spring Valley Kiwanis Club meets each Wednesday at 7 a.m. in the Spring Valley Chamber of Commerce hall. The regular meeting follows a breakfast. Elmer Lash of the telephone company is president.

BBB Issues Warning Against Franchise Deals

The San Diego Better Business Bureau has warned San Diegans to be cautious of franchise deals being advertised in the area by questionable promoters using an out of state address.

Cecil Candler, manager of the local Bureau, said his staff is busy trying to obtain information about the franchise operation, but warned, "So far facts on the promoters are scarce." He said many cities in the country have been plagued by similar promotions in past months.

FALSE PROMISES

Candler said gyp artists learned long ago that the quickest way to snag the public's dough is by glib promises of fast money. Some of the sharpest and most successful fraud peddlers operate this way.

They are the bucket-shop promoters of worthless stock, the glib persuaders selling business-at-home schemes, the educational sharks wholesaling worthless degrees.

"Currently these are the schemes they are pushing the hardest," Candler said.

Using the "business of your own" approach in New York state, one promoter recently collected $6,000,000 from people who bought hosiery-knitting machines but had no market for their hosiery products.

KNITTING MACHINES

Another company allegedly sold $35 knitting machines for $435 to women who were promised, but never given markets for the garments they made.

Others of these business at home or phony franchise rackets have promoted such activities as addressing envelopes, photo coloring, show-card printing raising everything from mink to bullfrogs, mushroom growing, knitting, sewing, reweaving, making bow ties and dog tags.

Unemployed persons, widows, disabled persons, pensioners, and housewives are most susceptible.

Want ads and direct mail ads are the most fruitful media for catching the unsuspecting public in the phony schemes.

MIKE HITTING GOOD

June busted out strong for Padre centerfielder Mike Hershberger. The young Chicago White Sox optionee collected 42 hits in 123 times at bat during June for .341. That fattened his seasonal average from .250 to .297.

demands that France be included in Germany's management.

President Kennedy, he pointed out, had promised that we must show Khrushchev "we mean business in Berlin" and Bohlen added meaningfully, "As indeed we do!"

State is asking each member of the Conference if such meetings should be held regularly. This editorial shall be our answer. We think they serve a useful purpose because of some of the gaps that appear in regular dissemination of information on world affairs on a day-to-day basis.

An implication was present that some of these representatives used the big newspapers of the U.S. to keep themselves abreast of world affairs. This bespoke the intelligence of the representatives and the quality of U.S. news reporting, too.

But it scares the heck out of those of us who thought State was kept informed by Central Intelligence.

S.O.S. For GOPs

There is much brow-furrowing among Republicans of this area. GOP concern is for finding suitable candidates who might run for the assembly from this district next year.

The district will be wide open, as the saying goes, if Democratic Assemblyman Sheridan Hegland performs in the same manner as the sounds he is making.

The sounds are those of a U.S. Congressman. Be that as it may, we feel personally that Heg will be making a mistake to relinquish the Assembly post in a district where he is popular and effective.

The Demos have a plethora of talent, we are led to believe. In addition, they have the benefit of registration ratio that would elect a Democrat, all other things being equal.

Hegland, himself, however, summed up a sound philosophy of good politics when he opined that "I would prefer a good Republican in office to a bad Democrat."

To that point, this message should energize area Republicans to produce a candidate who will measure up to the adjective "good".

There are probably several business or professional people hereabouts who could measure up to the rather conservative requirements of area GOP folk but it is up to local Republican supporters to convince potential candidates of the need to run. Such a candidate would stand a better chance in a race where the incumbent is not a factor, as may be the case in the 77th District. There is considerable Republican support ready to be put to work for a suitable candidate.

We think there is an excellent chance to seat a Republican Assemblyman from this District next year which is all the more reason for candidates to be of the willing variety.

In small communities. such as Lemon Grove and Spring Valley, party crashing among adolescents occurs more often than in more urban areas.

The reason for this is obvious. In proportion to population, youngsters have a wider circle of acquaintances than their contemporaries in the cities. A more casual air exists, too, in communities where development is incomplete.

There may be many crashed parties that turn out all right. The ones that don't usually reach the public records by way of the sheriff's departments' log and records. As a usual rule, the complaints range from ruffled feelings to charges of property damage and injuries to persons. The latter two situations generally carry additional complaints that the crashers had been drinking.

In most instances, occupants of the home which was invaded do not follow up the complaint with a formal charge unless severe damage has been suffered.

Without provable damage, the charge would be made under the provisions in the "disturbing the peace" law. In that, specific elements had to be present. . .such as obscene language in the presence of women and children, tumultuous conduct, and other actions rather hard to prove.

Under a new law, Assembly Bill 1174 makes it a misdemeanor for any person to enter a home or remain without permission of the lawful tenant.

La Presa Business Zoning Relocation Hearing Aug. 11

SAN DIEGO (CNS)—Commercial zoning asked for Jamacha boulevard, between La Presa and Felecita streets, La Presa, was denied Tuesday by the County Board of Supervisors pending a hearing on whether the whole La Presa business district should be re-located.

Dr. Willis H. Miller, county planning director, told Supervisors the County Planning Commission is holding a public hearing on Aug. 11 to consider taking away the present commercial zoning on Grand avenue to transfer it to Jamacha boulevard. He said the commission denial of any re-zoning on Jamacha boulevard until after its Aug. 11 hearing.

Before Supervisors was an appeal made by Art Schafer, as the head of a group seeking commercial zoning for Jamacha boulevard. Schafer wanted Supervisors to overrule the planning commission refusal to grant the commercial zoning, pending its Aug. 11 hearing.

AUSTIN VOTES FOR

Supervisor De Graff Austin in favor of Schafer's request. The Tuesday hearing showed the sharp division among local property owners on what areas in La Presa should be allotted for business use.

Asking for business zoning on Jamacha boulevard were Nick Moore, local real estate man; Schafer, the operator of a lumber yard now in zoning for single family dwellings; Gilbert Brown, a property owner in the affected area; Art and Henry Wolgast and Joe Oddo.

The concensus of those for the zone change was that traffic on Jamach boulevard is too great and too fast for residential development.

Support for the planning commission recommendation of denial came from Verne Nelson, commander of the Spring Valley VFW; Don Mills, S.V. Better Government Committee, and Alfred A. De Pauli, La Presa area land owner.

BIG PLANS

DePauli told Supervisors that he has "on the drawing boards" plans for a $250,000 office building and store project that he is calling off to await a decision on which La Presa area is to be zoned for business.

The re-zone request was denied on a motion made by Supervisor R. Dent. Supervisor Austin asked for a delay until the results of the planning commission hearing, but Supervisor Robert C. Cozens seconded Dent's motion.

Cozens pointed out that the Board could over-ride the commission if it wanted to, no matter what the commission recommended on moving the La Presa business area.

Only Austin voted against the zone change denial.

School District Contracts For Five Porto-Stages

The board of trustees of th La Mesa-Spring Valley Scho District has awarded a contrac to the Brunswick-Balke-Colle der Co. for five portable stage: to be placed in the following elementary schools; Avondale Brier Patch, Highlands, Maryland and Rancho. Brunswick's bid was $1,047.34, which includes the stage, handrails and steps. Four other bids were submitted. The stages are constructed so they fold into the wall, making the entire floor available for other use.

The board delayed taking action on the purchase of school furniture for four schools because more time is needed to investigate the problems. A special board meeting will be held to "iron out" the problem, it was learned.

In other business the school board voted to raise the price of lunches in the elementary school from 25 cents to 30 cents. The price in the junior high schools is 30 cents, that price raise taking effect last year.

Restaurant To Feature 29¢ Dinners

The El Morocco restaurant, 8015 Broadway, near Kempf in Lemon Grove, has reopened on a full-time basis, it was announced this week by Laureen and Mike Mouzas, co-owners of the firm.

The restaurant features full-meal sandwiches and salads for lunch. A special salad is one of Greek origin.

Dinners are in sea food, Italian or smoked meat categories. Steaks are served at lunch and dinner.

Two family specials are offered on a week-in week-out basis. Every Thursday night from 6 to 10:30 a spaghetti dinner, with meat sauce, a tossed crisp salad and garlic bread will be served for 29c.

Every Sunday from noon until 10:30 p.m. a Spanish Fiesta Sunday dinner will be served for 39c. The latter will consist of a combination plate of a meat enchilada, a crisp taco, a tostado and fried beans.

Food is served from 10 a.m. until 10:30 p.m. each day. The bar is open until 2 a.m. A feature of the bar is free, spiced meat kaftedes every day from 5 to 7 p.m. A kaftedes is a Greek meat ball.

An open house ceremony will be held in August the Mouzas said.

BLADDER TREATMENT IS MEDICAL TV FARE

Surgical removel of a gall bladder will be shown and discussed on the San Diego County Medical Society's "Your Doctor Answers" program at 3:30 p.m. Sunday on KFMB-TV.

The "Gall Stones" program will be the fifth in a series of 30 programs showing actual surgery and authentic treatment of illnesses and injuries by California medical doctors.

Big Family Picnic Set At Viejas Ranch

A big family picnic open to the public will be held this Sunday, July 30 at the Viejas Valley Ranch in Alpine.

This event, a benefit for the building fund of the East County Chapter Assn. for the mentally retarted will be around a beautiful seven-acre lake surrounded by groves of shade trees. There will be free swimming and fishing. Bass, trout, and blue gills abound in the lake.

Hayrides also are planned. The ranch is located off Highway 80 just north of Alpine. Autos should turn right on South Grade road at Harvey Hill. Signs will be posted.

Due to the fire hazard, no fires will be permitted.

Donation is $2 per family.

The Padres set a season high when they left 14 runners stranded in the first game with Salt Lake City. They got 16 hits in that game.

Navy Changes Rate Regulations For Re-enlistees

Changes in regulations regarding keeping of rate for former Navy and Coast Guard personnel who enlist in the Naval Reserve have been announced by the Bureau of Naval Personnel.

The most drastic change involves former members of the Navy or Coast Guard who execute a Naval Reserve enlistment to serve in Selected Reserve Units. Those in this category keep the rate they had on active duty, regardless of the time elapsed since discharge.

VACANCY REQUIRED

The only stipulation to this category is that a vacancy must exist in the unit for that rating. If no vacancy exists, and there is an opening in a lower pay grade, the enlistment can be made in the lower grade.

In another move, the Navy has altered the re-enlisting pay grade setup for those entering the Naval Reserve active status pool. A six-month time limit is set for those who wish to re-enlist at their discharge rates. However, a graduated-scale has been set up to cover those who remain "on the outside" for more than six months.

Patrick Ball Marries Kansas City Girl Here

Brenda Jean Nastiaco of Kansas City, Kan., exchanged wedding vows with Patrick L. Ball, son of Mr. and Mrs. Jack Ball of 2812 New Jersey st. of Lemon Grove during a ceremony in the garden of the Ball home at 9:30 p.m. on July 17. The groom was on a four-day leave from the U. S. Navy.

The bride, daughter of Mr. and Mrs. Peggy McSherry of Kansas City, wore a gown of ice blue nylon over satin and carried a bridal corsage with white and pink rose buds intwined with angel fern. She held a white Bible with white satin streamers.

Matron of honor was Mrs. Raymond Lee Adkins and best man use David Eugene Ball.

The staircase entering the garden was covered with white oleanders.

The bride was given in marriage by the grandfather of the groom, Mr. E. L. Smith.

Officiating at the ceremony was Rev. Rodger Walters of the Monterey Heights Baptist Church.

The young couple plans to reside in Lemon Grove after several months in San Francisco.

Board Explains Functions Of Grossmont College

A revised statement of the functions of Grossmont College has been adopted by the district board of trustees. It is: "Grossmont College has as its primary objective the offering of college educational opportunities to all post high school youths and adults residing in the Grossmont Junior College district. Because the specific needs for education vary greatly among individuals, and because the college is concerned with the educational needs of every high school graduate and adult in the community, the college seeks to serve the following functions:

"A college transfer program equivalent to the lower-division curricula of state universities and colleges for those who plan to continue their education at an advanced level. Includes courses needed by students who must overcome scholastic deficiencies in order to qualify for advanced, academic training.

"An occupational education program for those individuals for whom two years or less of training will provide them with the opportunity to acquire specific skills leading to employment or advancement on the job.

"A program of general education which provides, through planned experiences, the common knowledge, skills, and attitudes needed by each student to be effective as a person, a family member, a worker, and a citizen.

"A guidance program which provides for vocational, educational, and personal counseling to assist the student in the selection and pursuit of a life work compatible with his interests, aptitudes, and abilities.

"A program of community services, provided in cooperation with the other educational institutions serving the community, to meet the cultural, educational, and vocational needs of interested people living in the community."

'Love' Sermon To Tell Benefit Of Knowing God

Continuous benefits are available to all through a fuller comprehension of God as Love. This idea will be enlarged upon at the Christian Science services Sunday in the Lesson-Sermon entitled "Love." Highlighting the sermon on this subject is the Golden Text from Zephaniah (3:17), "The Lord thy God in the midst of thee is mighty; he will save, he will rejoice over thee with joy; he will rest in his love, he will joy over thee with singing."

"If we love one another, God dwelleth in us, and his love is perfected in us." This assurance of God's love toward us from John's first epistle continues, "Hereby know we that we dwell in him, and he in us, because he hath given us of his Spirit—God is love; and he that dwelleth in love dwelleth in God, and God in him" (4:12, 13, 16).

Trinity Church Completing Its Orientation Class

An Orientation Class for new members will hold its final meeting Sunday at the Trinity Presbyterian Church. The class will be welcomed by the congregation on Sunday at the second service.

Worship services Sunday are at 8:30 and 10:30 a.m. Following the first service another of the series of film on the life of Christ "Challenge of Faith" will be shown. This film depicts challenge Christ presented to first desciples. visit of friends to John the Baptist, calling of Matthew, and healing of a paralytic.

Noted Religious Quartet Coming To LG Lutheran

The Ambassador Quartet from Pacific Lutheran University, Tacoma, Wash., will appear here in a sacred concert on July 29. Now on its 10th annual summer tour of the west, the group will give a program in Lemon Grove Lutheran Church at Skyline and Alton at 7:30 p.m.

There will be no admission charge for the concert, but a free will offering will be taken. The public is invited.

Included in the program will be arrangements of familiar hymns, Negro spirituals and church music classics.

The first group of selections includes various examples of church music from the 16th Century (Hassler) to modern times (Poulenc). The works include "Now Let the Heavens Rejoice," Hassler; "Prayer to Jesus," Richard de Castre; three chorales by Bach—"From Heaven Above," "O Sacred Head" and "He Is Arisen," "Who Is Like Thee?" Hebrew chant; and "Two Short Prayers of St. Francis of Assissi." Poulenc.

The group of spirituals will include "Climbin' Up The Mountain," "Mary Had a Baby," "Little David Play on Your Harp" and "Aint's a' That Good News."

'A Barren Life' To Be Taylor's Sunday Text

"A Barren Life" will be Rev. Roland Taylor's text at the 8 and 11 a.m. Sunday services. The Women's Missionary Society will have charge of the evening services, this being the fifth Sunday of the month.

The Men's Fellowship group will go on a deep-sea fishing trip at 3 a.m. Saturday.

At last Friday's meeting of the Men's Fellowship, the following officers were elected for the year: president, Bill Winters; vice president, Owen Phelps; and secretary-treasurer, Roy Reimers.

There will be a meeting of the Sunday School teachers this Thursday at 8 p.m. at the church.

The young people of the church met at the home of Mr. and Mrs. Frank Rose last Saturday for breakfast. Following the meal they formed a work party and deweeded the church lot. Rev. Taylor reported that the young people recently raised enough money to install two garbage disposal units—one in the parsonage and the other in the church kitchen.

'SPECK OF SAWDUST' VLM SERMON TOPIC

"The Speck Of Sawdust" is the sermon topic at Vista La Mesa Christian Church. This is the fifth in a series of seven sermons from "Sermon On The Mount." A careful reading of Matthew 7:1-5 in different versions will prepare the churchgoer for Sunday morning.

Members are reminded and asked to remind friends of the All-Church picnic on Aug. 13 at El Monte Park. Grades 7 and 8 meet at 6:30 and grades 9-12 at 7 every Sunday evening.

SPEAKER — Dr. Norman E. Wollitz of Lemon Grove, a teacher at Cal Western University on Pt. Loma, will speak at the Lemon Grove Methodist Church this Sunday. He's taking over this week for Dr. Jordan Detzer who with his wife is on a world tour which includes the Holy Lands. Picture courtesy of San Diego City Schools.

Dr. Wollitz To Be Guest Pastor At LG Methodist

Dr. Norman E. Wollitz will address the Lemon Grove Methodist Church at the regular 8:30 and 11 a.m. services on Sunday, July 30. His sermon topic will be "God, Man and Freedom."

Dr. Wollitz is an elementary school principal in the San Diego city schools and is presently teaching courses in education at California Western University on Point Loma. He has been a teacher and school administrator in Minnesota and California for the past 13 years. He holds two degrees from the University of Minnesota and his doctorate from Columbia University teachers college.

Teaching and speaking to church groups is a regular task of this educator. Among his various duties at the Lemon Grove church has been an adult church school class that meets at 9:30 each Sunday in the sanctuary of the church.

The church is located at Washington and Golden in Lemon Grove, three blocks eact of Imperial and Golden. Child care is provided at both services.

Dr. Wollitz is speaking in the absence of The Reverend Dr. Jordan E. Detzer, who is on a trip to the Holy Land.

Influential Authors To Speak At SDSC

Two professors whose books have influenced the policies of the U.S. State Department will be among the more than 30 speakers and panelists who will participate in San Diego State's 19th annual Institute of World Affairs, August 7-25.

They are Dr. Hans Morgenthau and Dr. Eugene Burdick.

The three-week series will focus on "Coexistence," according to Minos D. Generales, professor of political science and director of the Institute.

FREE TO PUBLIC

All sessions will be open to the public without charge. The entire series may be taken for graduate or undergraduate credit.

Meetings will be held weekday mornings and some evenings in the Humanities-Social Sciences Auditorium on the campus.

Morgenthau, director of the center for the study of American Foreign Policy at the University of Chicago, will participate in the institute for an entire week, August 7-11.

Morgenthau's topics will include: "The Unfinished Business of American Foreign Policy," "Power Politics in the Nuclear Age," "Nationalism and Imperialism — 20th Century Version," "The Bloc System: Anachronism or Necessity," and Disarmament: A New Look at an Old Problem."

FAMOUS AUTHOR

Dr. Eugene Burdick, associate professor of political science at the University of California at Berkeley, is the co-author of the novel "The Ugly American."

Burdick's novel "The Ninth Wave," published in 1956, was also a Book-of-the-Month Club selection, and has been purchased for motion picture production.

Burdick will speak on "The Ugly American: Three Portraits," on August 11.

Health Education Workshop Opening At State College

San Diego County's 10th annual Health Education Workshop will open at San Diego State August 7. It is to be sponsored by the city and county school systems, by San Diego State and by 12 county health agencies. Its subject will be health problems of children. Dr. LeRoy Harper, coordinator of the two-week workshop and assistant professor of health education at San Diego State, said that student health was a major factor in the effectiveness of any school program.

"The school's first job is to teach curriculum," he said. "But unless a pupil is at his physical and mental best, he's not going to get maximum value from his studies. In the workshop we'll try to show how to produce the best possible classroom environment in which children with health problems can learn."

GROSSMONT COLLEGE BOARD ADOPTS $866,208 BUDGET

The board of trustees of the Grossmont junior college district has adopted a budget of $866,208. Of this amount $572,000 will be for current operation, $84,000 for capital outlay and remaining amounts will be used for tuition payments for students living in the Grossmont junior college district who will be forced to continue in other junior colleges for the coming year and for reserve funds. Estimated average daily attendance for the junior college is 790.

"LIFE"

Spiritual life must also be sustained. The food and drink which sustains our life in the spirit is the Word of God. Bible reading is receiving food for our spirits. When we read we must take to ourselves that which we read. It becomes food and drink when it is assimilated into our thinking and living.

Musical Fifth Sunday Planned At Casa De Oro

The "Fifth Sunday" musical of Casa de Oro Baptist Church is scheduled for Sunday at the evening service and will consist of "Praising God in Song." The numbers to be presented will be requests, including solos, duets, quartet, choir and instrumental presentations.

The Senior Youth group of the Casa de Oro Baptist Church will have a miniature golf party Friday evening of the week and will meet at the church at 7 p.m.

The WMS will have a "workday" meeting Aug. 1, starting at 10 a.m. and closing at 2 p.m. Besides the meeting there will be several projects worked on. The evening meetings of the group will be continued in September.

The Junior High "Leadership Training Bible School" will be July 31-Aug.4, with five nights of special emphasis for this age group. The time will be 7 to 9 p.m. The group's sponsors, Mr. and Mrs. Herb Mayer, will be in charge.

Hesches Hosting First Casa De Oro Board Meeting

The first executive board meeting of the Casa de Oro PTA for the coming school year will be held Aug. 1 at the home of Mr. and Mrs. Howard Hesche, 10205 Queen dr., Homelands (La Mesa). All officers, chairmen and spouses are invited to attend. Mrs. Edward Gurling, president, will be in charge of the meeting. An Hawaiian luau and swimming will follow.

The backyard swim program sponsored by the Casa de Oro PTA will continue the balance of the summer, according to Mrs. Leonard Binder, general chairman. The program was set up to teach water safety to children, and more than 200 have been enrolled in 24 classes with 11 instructors and aides. The PTA extends a special "thank you" to the 10 persons in the area who've donated their pools for the children.

CALIFORNIA EXTENSION SLATES ENGINEERING

An engineering review course of special interest to persons preparing for state board examinations will be offered by University of California Extension in San Diego beginning August 1. A second section of the class begins August 3.

"Since only two sections can be scheduled, and these sections are filling rapidly, students should enroll early to avoid disappointment," C. A. Lewis, area representative, said this morning.

Among fans at a recent Saturday night Padre game was J. G. Taylor Spink, publisher of baseball's "Bible," The Sporting News.

Band Parents Elect Officers

The newly organized Band Parents of the Monte Vista High School have elected the following officers: president, Charles Gerdes; first vice president, Mrs. L. M. Curtis; second vice president, Mrs. E. S. Gurling; recording secretary, Mrs. M. B. Henderson; corresponding secetary, Mrs. B. D. Bryant; treasurer, J. P. Montijo, and historian, Mrs. O. J. Hall.

Larry Curtis, formerly of Redlands, Calif., has been hired as Monte Vista's first band instructor. Plans are under way for a fund raising campaign to pay for band uniforms and other incidentals.

Around Our Valley:

News and Views from Spring Valley

By Tommy Thomas

Teamwork Learned

Many of us could very well take a lesson from the Little and Pony Leagues of Our Valley, who just completed their 1961 baseball season. The lesson is precision. The leagues had a wonderful season, with players, managers, coaches and others all working in harmony. "Team work" they call it.

The players, as time goes on, are improving in many ways—batting, running, base stealing, fielding, etc. Some remarkable plays were turned in this season, and much of it due to the untiring efforts of the adults who were in charge of the leagues and teams, and to players who were anxious to learn. To all, we say, "Orchids to you for a worthwhile job well done." May the 1962 season be as successful.

Papikes Get Share Of '61 Accidents

And speaking of baseball. The Al Papike family out at 10624 Eureka dr., had quite a season. Richard, 15, who has been playing with the Mt. Helix View Colt League (he played Pony League last year) recently broke an ankle while in a game. His ankle and entire leg is encased in a cast. But he's coming along first rate mama says. And papa Al, who is in the steel business, recently dropped a steel beam on his foot, breaking three toes. He's mending real well.

On the brighter side, son Larry, 12, played his first pony league game last week in Lakeside. He's in the SV Pony League.

And Susan Pike, 10, who has been swimming with the El Nadadero Swim Club in El Cajon, last week broke the PSA record for the 50-meter "butterfly" stroke at La Mesa pool. She also took first place in the back stroke. Well, what would you expect from a father who was a star hockey player and a mother who has been faithful to Little and Pony Leagues for (???) years.

FEET HURT

Two prominent Spring Valley citizens have been hobbling around for the past few weeks; Jesse M. Hodge, the Casa de Oro insurance agent who broke a foot while on a fishing trip and our own postmaster Mildred Moran who broke a foot bone "around the house." The feet are mending well it has been reported.

Welcome To Businesses

We want to welcome a couple of new businesses to Our Valley—the Kindberg Shoe Shop at 9125 Campo rd. and Manthei's Jewelry Store at 3530 Bancroft dr.

The shoe shop, which opened for business on July 5, is owned and operated by Mr. and Mrs. (Ed and Nora) Kindberg of Chula Vista. They are well known in that city in the same business, as they and their folks were in business from 1910 to 1943. They then moved to Idaho, and then "home again." Ed and Nora are living adjacent to the shop.

The jewelry store is owned and operated by Mr. and Mrs. (Bob and Nancy) Manthei, who now live in Bonita, but hope to move here some day. They are formerly from Indiana.

Friend Tracked Down

George M. Chazotte of 9015 Rosedale recently had a pleasant surprise. An old pal, whom he had not seen since 1917, paid a visit to the Chazotte home. The man, Don Taylor and wife Helen, of Jersey City, N.J., after searching through many California phone books, finally located the Chazottes and made their first trip to Our Valley.

Chazotte and Taylor went to vocational school together back in New Jersey, both studying to become electricians. They were together for 2½ years before becoming separated. Both had though of each other many times over the years, Chazotte said.

ARIZONA COUSINS

Other recent visitors to Our Valley were Mr. and Mrs. Amandus Peters from Casa Grande, Ariz., who have been visiting his cousin Al Peters and wife Frances at 3132 Central. The Arizonans were here a couple of weeks before leaving on the freighter "Mississippi" for Hamburg, Germany, where they are vacationing. They are to fly back via SAS and are scheduled to arrive in Los Angeles about Aug. 29.

SUSIE IN UNIVERSITY

Susan E. Gardner, daughter of Mr. and Mrs. Howard Gardner of 4002 Rogers Rd. has been admitted to the University of California at Davis, for the fall semester, it was learned last week. Miss Gardner, a 1961 grad of Mt. Miguel High School plans to major in dietetics.

Our deepest sympathy to Maxwell Rice of 3221 Fairway dr., Brookside, on the recent passing of his mother.

Murch Elected

Congratulations to George Warren Murch Jr., of 8117 Brampton st. in South Spring Valley for his recent election to a membership in the American Institute of Certified Accountants. Mr. Murch, who is with the firm of Kogler and Collura at their El Cajon blvd. office, has lived in Spring Valley about 1½ years. He and his wife have four children.

Mr. Murch said that in order to be elected to the AICPA, a person must hold a valid CPA certificate and have worked in the field for several years.

Valley Post Office Adds Two Trucks

Two more mail trucks have been added to the fleet of Spring Valley Post Office trucks. They are on lease from Anaheim, Calif. and arrived last week, according to S.V. postmistress Mildred Moran.

The new trucks brings the total to six for Spring Valley. First four were purchased in 1956. The S.V. Post Office now has 12 routes, seven of them "walking routes." There are 19 carriers, seven clerks, a postmistress and an assistant postmaster.

The Post Office, established before the turn of the century had five Postmasters before Mrs. Moran—a Mr. Reynolds, a Mrs. Gillespie, a Mrs. Edith Ayers, William (Bill) Sperry and Mrs. Ruth (Tenney) Wilson. The post office, according to history, was established before the one in La Mesa, and once was known as the "Helix Post Office," according to Mrs. Elieen Smith, historian for the S.V. Chamber of Commerce.

PICNIC TO DRAW 400

More than 400 people from the southwest are expected to attend the tenth annual picnic of "Former Calexicans" to be on July 30 at Balboa Park. Information about the event is available at AC 2-2222.

SUMMER SCULPTOR — Jeff Hornbrook, a summer student at Spring Valley Junoir High School, molds figurine out of clay before firing it to durable hardness in the kiln. Teacher Mrs. Jackie Moser looks on. Summer students don't mind school because they can take any subject they want. Some 540 students were at the junior high. District director William Schell considered this year's summer program a big success.

Director Schell Lauds Summer School Success Of 2,149 Pupils

The summer school program in the La Mesa-Spring Valley school district was quite successful this year, according to its director, William Schell, principal of the new Highlands Avenue elementary school. There were 2,149 students registered in the district's elementary schools and 1,308 registered in the two junior high schools.

For the Spring Valley area there were 895 registered in the elementary schools and 540 in Spring Valley Junior High. There were 76 teachers in the elementary schools and 25 in the two junior high schools.

Students at summer school had many privileges not available to regular students. They were able to attend the school of their choosing and to study what they wanted to. Also there were many books and films available. The student could catch up on reading, arithmetic, social studies, music, art and avail himself of a general enrichment program. Also provided were buses. The entire summer school program, said Principal Schell, was operated at no extra cost to the taxpayer, being financed with state money.

PARENTS ENCOURAGED

Parents of the students were sent letters from the schools (three in Spring Valley) asking for their comments on the summer school program. Replies were encouraging, Schell remarked. He said all were favorable.

The efficacy of the summer school program is shown in the following yarn reported from Brier Elementary School in La Mesa:

It seems that Charles Scott, a newcomer to the LM-SV school district was teaching third, fourth and fifth graders about "Japan Today." To abet his aim, he created an authentic Japanese setting in the schoolroom and taught Japanese arithmetic and language to his pupils.

On the day of their outing Mr. Scott took his class to the art museum and the Japanese teahouse in Balboa Park. There they encountered sailors from the Japanese naval vessels visiting San Diego. The Jap navymen were delighted and this impressed the children with the usability of what they'd learned.

DID IT UP RIGHT

But the pupils were not yet finished with their demonstration of Japanese learning. Their bus stopped by the Japanese Navy ships at the docks and the kids sang the Japanese national anthem. Naturally the Japanese officers and men thronging the rails of their ships were deeply moved by the singing of Mr. Scott's students.

His "Japan Today" pupils had served as American ambassadors.

Annual Dahlia Show Scheduled At Park

San Diego's annual colorful dahlia show will be held Saturday and Sunday, Aug. 5 and 6, in the conference building in Balboa Park. In addition to exhibitors from all parts of San Diego County, many growers from other Southern California counties, and from as far north as Bakerfield, are expected to bring flowers, according to Floyd McCracken, president of the San Diego County Dahlia Society.

More than 3,000 flowers, from tiny ones a half inch across to the giants 15 to 16 inches in diameter are expected to be on display, McCracken said.

REDDY KILOWATT,
YOUR ELECTRIC SERVANT, SAYS:

"There are meters of measure
And meters of tone
But the best meter of all
Is the one on your home!"

Yes, the electric meter on the side of your home is the best "bargain hunter" you could have. It accurately measures the kilowatt-hours of electric energy which pass through it when you flick a switch or turn a dial. Best of all, today's average cost of electricity (per Kwhr) is less than it was 10, 15, even 26 years ago.

Wayne Chubb Elected President Of Progressive Cement Block Firm

A Lemon Grove man has been elected president of an area industrial firm according to an announcement released recently. He is Wayne A. Chubb, 1909 La Corta, Lemon Grove and his appointment is to the presidency of the La Mesa Concrete Block Co., 8055 Fletcher Parkway, La Mesa.

Chubb replaces his father, Harry M. Chubb, who has been president of the firm since its incorporation in April of 1960. The senior Chubb continues as a member of the Board of Directors.

The La Mesa Block Co. was heralded recently for its pioneer work in one phase of the building industry by two national trade journals. The firm was saluted by "Concrete Products," published in Chicago, Ill., and by "Concrete Masonry Review" published in Beverly Hills. The salute was innovating the use of foundation blocks in the construction industry.

The concept is now widely utilized in the homebuilding, commercial - industrial and apartment fields. The method has been used in the construction of churches and schools as well.

WOOD FORMS ELIMINATED

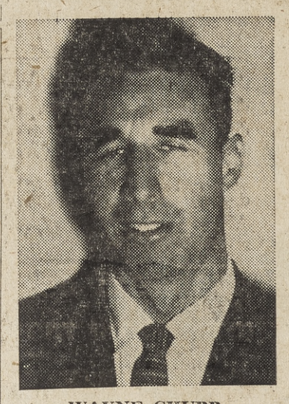
The technique calls for the use of a specially shaped concrete block employed as the perimeter of a concrete slab. The foundation block eliminates wooden forms. Placement of reinforcing steel in the foundation block wall creates a "truss" effect resulting in greater strength than the conventional poured foundation in which the reinforcing steel is parallel in the base of the footing, according to Concrete Masonry Review.

The Review article says saving of time is the advantage in the new technique. The magazine cited a case where 18 foundations a day were placed with only two masons, one carpenter and five laborers on the job. This is in comparison to a normal use of 30 men employing old style methods.

"Although several years of thought and engineering development went into the foundation block, it is only in the past year that it has gained real credence and acceptance among contractors, architects, loan agencies and building officials," the article points out.

SOLD 18 MONTHS

The La Mesa foundation block has been marketed for over 18 months in the San Diego County area.



WAYNE CHUBB

The unit was first used by the American Housing Guild as a move toward reducing forming costs on concrete slab floors according to the article appearing in "Concrete Products." A full description of the technique is given in the article.

Though a number of solutions have been offered by other producers in the concrete block industry nationally, the article cites the advantages of the La Mesa Block as follows:

It has greater length which speeds setting, greater width which makes it capable of supporting multi-story structures. Cellular construction allows reinforcing steel to be placed through the block and into the footing. Its modular length makes it more suitable for use in all masonry construction.

"Concrete Products" estimates that 42 million of the new blocks will be used in Southern California during 1961.

The La Mesa Concrete Block Co. began operation in San Diego 13 years ago, has its producing plant in Santee and its sales yard on Fletcher Parkway.

Local All-Stars Make Spectacular Start In New Series

Lemon Grove Little League Stomps Sweetwater By 9-0

The Lemon Grove Little League All-Stars defeated the Sweetwater Little League All-Stars by 9-0 at a July 22 game at the Little League field here. The Sweetwater team had won its first game against the Southbay Little League.

It was Lemon Grove's first play-off in the all-star series. The team is managed by Bob Kreger and coached by Martin Hall.

The startling score is a good omen for the Grove boys. They could go on to bigger honors. They meet the Southwestern Little League All-Stars at 5 p.m. July 28 here in Lemon Grove. Admission is free.

Lemon Grove got off to a spectacular start in the first inning of their victorious game with Sweetwater.

LOCKHART WALKS

The second batter up for the Grove, Lockhart, walked and was followed by Carroll who hit a single to center field. Then Frohn was walked and loaded the bases. And then Lockhart and Carroll both scored on passed balls.

Patterson of Lemon Grove walked and team-mate McGrath popped up a fly to the Sweetwater second baseman, and the man missed the catch. At first Patterson, who made it across home-plate, was called out but was declared safe when the second baseman missed.

This series of action in the first inning resuulted in four runs for Lemon Grove.

As the game went on, the Sweetwater group tried desperately to stop the Grove All-Stars, who wouldn't be stopped.

In the second inning, Patterson knocked a single to center field which brought in Graham and Lockhart for two runs.

A home run in the third by Lemon Grove was the only run that inning.

McGrath socked a homer in the fifth and Graham smacked one to the fence for a three-bagger that resulted in his scoring on a passed ball to home.

When the final score of 9-0 was tallied, Lemon Grove had piled up six hits with no errors.

Dave Wollos was winning pitcher. Vera Graham, publicity chairman for the Lemon Grove Little League, said that Wollos was "ably assisted at homeplate by McGrath and backed up by an alert team playing heads-up ball."

STOPPED IN KANSAS — This Spring Valley family wasn't too happy when a prowling police car pulled their car over in the town of Liberal, Kan. They are Mr. and Mrs. Allyn May and their daughter, Terri Ann. Mr. May didn't even pull over until the cop flashed his red light. A lot of questions was followed by a big grin on the face of the prowling cop when he informed them they would be guests of the city and not in jail. Hardly. They were "Tourists of the Week." Picture courtesy of Liberal, Kan., Daily Times.

SV Family Unexpectedly Honored During Vacation By Midwestern City

Most people expect to spend quite a bit on this and that when they go on vacation. Few expect someone else to foot some of the expense. Yet this is what happened to a Spring Valley family this summer.

Allyn May, an estimator for General Dynamics, his wife, Leona, a teacher for the San Diego Unified School District and daughter Terri Ann, 11, left their home at 3409 Valley View this summer and headed their car east toward their goal of Kansas City, Kan., and their second stop in Nebraska to visit relatives.

Their route took them through the town of Liberal, Kan. It was their first acquaintance with that busy community. Soon after they entered town a policeman in a prowl car drew up and ordered them to the curb.

HESITATED TO OBEY

But Allyn May, knowing he had not disobeyed any of the traffic laws, didn't pull over. The cop turned on his red light and May pulled over immediately. Mister policeman, after getting out of his car, started asking questions of Allyn May. Where are you from? How long have you been traveling? Where are you going? May I see your driver's license?

After the officer looked at the driver's license, he remarked that the May family would be guests of the city. What did that mean. . .jail?

The Mays had planned to stay overnight in Liberal but not in jail. Heaven forbid. But the officer, now grinning, said no, not in jail. They were to be guests of the city as "Tourists of the Week" of the city of Liberal.

FOLKS LIBERAL

And folks of Liberal lived up to the town's name. They were liberal. The Mays learned that they were to pay no motel rent. A Mr. and Mrs. Peters, formerly of Pomona, Calif., and owners of the Spur Motel in Liberal roomed our travelers at no cost. Food was provided, at no cost, by the Barbecue Haven Cafe and the Mays car was fully serviced (including gasoline and oil) by Blaine's Standard Service. This was all part of the welcome the Mays family received for being "Tourists of the Week."

To top it all off, the Southwest Daily Times, Liberal newspaper, ran a story and picture of the Spring Valley family in their July 1 issue.

Mrs. May said Mr. and Mrs Peters of the Spur Motel said they would like to get back to California.

STORM, NO LESS

The May's trip back took them through Denver, Colo., and New Mexico. It was there that our travelers met their first bad weather of the entire trip. They were in a hail storm, no less.

Services Held For Mel Ostberg, Valley Plumber

Funeral services for Melvin G. Ostberg, 53, of 827 Parkbrook st., Spring Valley, were held Sunday at Greenwood Mortuary, with Rev. Hardis C. Bakkin of the Lemon Grove Lutheran Church officiating. Interment was scheduled for Norway, Kansas, where Mr. Ostberg was born.

Melvin Ostberg had lived in San Diego County for 26 years and was a self-employed plumber.

Survivors include his widow, Mrs. Beatrice Ostberg; three sons, Gunnard, Monty and Melvin Jr., all of Spring Valley; his mother, Mrs. Gustavo Ostberg of Kansas; two brothers, Ted Ostberg of Kansas and Haywood Ostberg of San Diego; and five grandchildren.

Teacher Morgan At Math Institute

Lawrence E. Morgan of Lemon Grove is among a group of high school math teachers attending the Riverside Summer Instituute for High School Mathematics which is sponsored by the University of California and supported by the National Science Foundation.

There are 39 in the group. They were picked from more than 1,000 applications and are from all areas of the U.S.

Marine Students On 3-Day Flying Field Trip

Twenty-three biology students of the Grossmont high school district have completed a three-day marine biology field trip 400 miles into Baja California.

The students were transported to the base camp of the San Diego's Natural History Museum near Bahia Los Angeles on the west side of the Bay of California by aircraft.

Transportation was provided by ten privately owned planes piloted by owner-pilots.

The project was programmed by Tom Warburton, assistant district superintendent and Dr. Leon Lessinger, chief of guidance and psychological services for the district.

Warburton said the top students were chosen from the district's seven high schools after they had completed a six weeks summer study in advanced biology.

ACADEMIC ENTHUSIASM

Dr. Lessinger said similar approaches to education will be programmed during the coming year. "There is no reason why we can't do the things that will develop academic enthusiasm among students similar to enthusiasm athletes have for Rose Bowl football games."

Warburton said the project was "successful and rewarding." Students conducted experiments in marine biology.

The two men started the project three months ago. Tourist permits, innoculations, insurance, waivers and aircraft had to be arranged for. Everything was in order at take-off time, Warburton said.

Pilot-aircraft owners were mostly local business and profession persons. The trip was made from Gillespie Field by way of Mexicali and down the east coast of Baja California.

Injured Valley Lady Aided By Children

An elderly Spring Valley woman who fell down as she was cleaning her steps on the morning of July 12, is not at all displeased with the aftermath of her accident.

Mrs. William E. Drown, who has lived in the Valley for 12 years and been a widow for six, broke her ribs and can barely get around her home at 9035 Valencia st. But neighborhood children, out of school for the summer, have been coming around to help clean house, take care of the yard and keep her company.

On July 20 the kids threw a get-well party for her at her house. Remarked Mrs. Drown: Who'd want to be in the hospital where there wouldn't be these kids around?

Two of the helpful children are Millie Herron of 9017 Valencia and Joan Scott of 9003 Valencia.

When the accident occurred recently at 9:30 in the morning, Mrs. Laura Smith, a registered nurse living across the street.

I always avoid prophesying beforehand, because it is much better policy to prophesy after the event has already taken place.

SELECT PLAYERS — These boys were chosen from the teams which have been competing this season in the Spring Valley Pony League to make up an all-star team. They will now compete with all-star teams from other areas. If they win enough games, the Pony League All-Stars could go on to national honors. Other all-star teams in the Spring Valley and Lemon Grove area have the same opportunity. In picture are (l to r frontrow) Red Ashley, John Majars, Tom Jennings, Bill Wood, Ron Thomas, Buddie Edwards, Rickie Schweitzer, Mark Conta, Mike Grimm, and Del Ballinger, manager; (l to r backrow) Bill Kellison, Charlie Cobb, Ron Westcott, Dan Smith, Gary Raines, Homie Estes, Ricky McGuffin, Sonnie Baggett and Ron Sabo. Spring Valley Pony All-Stars Defeat Grossmont Boys 13-1

Team To Play El Cajon City

The Spring Valley Pony League All-Stars captured the top spot in the area tournament Monday night by trouncing the Grossmont team by a score of 13 to 1. S.V. pitcher Al Baggett, who was excellent on the mound all season, did the honors in this game. It was called in the top of the sixth inning. Dan Smith of S.V. got two homers and the one run collected by the Grossmonters was due to a homer.

The victory gives Spring Valley the opportunity to enter the second step in the "World Series." The team plays this Thursday evening at the National City field, the opponent being El Cajon. This will be the district play-off. Should S.V. win, they will play other winners on Friday, Saturday and Sunday.

UP THE LADDER

Winners of the district play-offs goes into the sectional play-offs at Helix High School field. Sectional winners go to divisional play-offs in Baldwin Park, Calif., and the winners of that tournament go to the "World Series" to be held in Washington, Pa.

The preliminary tournament is on a double-elimination basis, with a loser going into the "losers' bracket" and being able to get another chance to beat out the top team.

S.V. GOING STRONG

The Spring Valley Pony League All-Stars, under the managership of Del Ballinger, former Padre catcher and Bill Wynn, coach, have been going "great guns" since they were defeated by a score of 3 to 2 on July 19 against La Mesa. Fleming of La Mesa was winning pitcher, with Sabo losing. S.V. got seven hits against 6 for L.M.

On July 21, Spring Valley took on Lemon Grove, trouncing them by a score of 11 to 1. S.V. collected 12 hits against 2 for the Grovers, but the Grovers were errorless, with S.V. making four. Al (Sonny) Baggett also won that game for Spring Valley. The Valleyites collected seven home runs in that game; Estes 2, Majors 1, Thomas 1, Sabo 1, Baggett 1, and Wood 1.

On July 22, Spring Valley took on La Mesa for the second time and this time beat the L. M.'s by a score of 8 to 7. Mark Conta was winning pitcher. Box score was: S.V. 8 R, 12 H, 4 E; L.M. 7 R, 3 H, 0 E. In this game Estes of the S.V. team got his third homer of the series.

On July 23 S.V. took on Grossmont for the first time, the game ending with S.V. getting 4 runs against 1 for Grossmont. Ronnie Thomas, credited with 30 strikeouts in 16 innings, was winning pitcher. The two teams were even in hits, having two apiece. Grossmont had 2 errors, S.V. 1.

Tickets Ready For Chargers Kickoff Dinner

The public is invited to the first annual Kickoff Banquet for the Chargers, Thursday, Aug. 3, but reservations must be made in advance. This was the announcement today by Dr. A. L. Anderson, chairman of the San Diego Chamber of Commerce Sports Committee, who has taken a leading part in planning the program.

The Chamber is receiving advance reservations by mail at a charge of $5 a plate. Co-sponsoring the event with the chamber are the Junior Chamber of Commerce and the Charger Backers.

The banquet will be held in the Caribbean Room of El Cortez Hotel, starting at 7:30 p.m. A no-host cocktail party is scheduled from 6:30 to 7:30.

Dr. Anderson's major duty at the banquet will be to introduce Jack Carson, nationally-known comedian appearing at the Circle Arts Theatre, who will be master of ceremonies.

Buddy Rogers, Dick Wittinghill and others well known in the entertainment world will take part in the program. Stars of the Charger team will sit at tables with San Diegans to enable local residents to become acquainted with them.

Checks for reservations should be made out to the San Diego Chamber of Commerce and mailed to 499 W. Broadway. Those who make reservations may pick them up at the door Aug. 3. Because of space limitations, reservations will be on a first-come, first-serve basis.

Rod, Gun Club To Safety Check Gaming Rifles

The Lemon Grove Rod and Gun Club will sponsor a safety inspection of game rifles on July 30 at the range at Loveland Lake road (near the old Dehesa road). The event will be open to the public and qualified inspectors will be on hand. There will be a nominal charge for targets.

Full information may be obtained by calling the following persons: Bud Rehrig, HO 9-3504; George Scott, HO 6-1949; or Summers Sporting Goods, HO 9-8947.

New hunting regulations are now available at local sporting goods stores and dates for the early and late deer season have been announced. Any sporting goods store can give full information.

Former Writer's Club President Moving To Oklahoma

Mr. and Mrs. (James and Mildred) Moss and son of 9747 Murray dr., La Mesa will soon be moving to Altus, Oklahoma, it was learned last week. Mrs. Moss is well known in this area as the 1960 president of the La Mesa Writers Club. She is a charter member of the club and has served as vice president, secretary and treasurer, as well as chairman of various committees. She is the author of a children's book entitled "The Little Dog's Search."

James Moss, who is with the General Dynamics Astronautics Division, is being transferred to Oklahoma. He has been with the company for 19 years, starting in when the company was known as Consolidated. It was later named Consolidated-Vultee and then Convair, before its present title.

The Mosses have a married daughter in Missouri.

Business Women To See Padres Meet Spokane

Members of the Business Women's League of Lemon Grove and their husbands will attend the Spokane-San Diego baseball game at Westgate Park on August 3. August is traditionally the club's only social meeting during the year.

"Fun With A Purpose" is the theme chosen for activities this term. This began with the organization of a Tuesday night bowling league in which members display their company names and join together for an evening of fun.

Next meeting will be held Sept. 7 at Michael's in Lemon Grove. Mrs. Fred Scheneman will preside and Mrs. Harry Wilson will present Ed Peterson as speaker for the evening. He has been active in junior achievement work.

A founder's day celebration is planned for the October meeting to honor the eight charter members still active in the club. They are Mmes. H. A. Anderson, Forrest Baxter, Arthur Chappelle, Peter Chappelle, Richard Fairchild, Alfred Huebsch and Jack Sanders. Mrs. Burton Snyder will be invited as an out-of-town guest and charter member.

Bailey Still Home Run King In Valley League

by ELAINE HOROWITZ

Bob Bailey, who played for **Noble's Maarket** of the Spring Valley Little League until ill health forced him into retirement for the remainder of the season, is still home-run king with three to his credit. Mike McDonald of **Noble's** and Billy Atkinson of **Watson's Richfield** each hit a homer this week and are tied for second with two each.

On July 17 the **Spacers** won 10-8 over the **Solars.**

Winning pitcher was Freddy Madrano. July 18 found Watson's close to breaking the record of unbeatable **Ferry Bros. Concrete** when, at the top of the fifth they were tied 2-2. But the bottom of the fifth put Ferry Bros. back in the lead. Final score was 5-3. Craig Botzer got credit for this Ferry win after striking out nine men.

COSMICS WIN

On July 19 **Cosmics** won over **Midget Market** by 17-10. Steve Bailey was winning pitcher after relieving Ronnie Gill in the third. A three base hit by Midget catcher Billy Kramer was the big one of the game. On July 20 Ferry beat **S.V. Estates** 5-4. Winning pitcher was Dick Aylward, who struck out 13 men, approaching the Spring Valley little league record of 14 strikeouts in one game. Mike Moran and Leland Kennedy of Ferry each hit doubles, driving in two runs each. Dave Yahn of Esates got three hits out of three times on base, driving in two runs.

On July 21 Midget edged out the **Astros** 7-6. Winning pitcher was Billy Campbell. Clark Miller of **Astros** and Mike Garrison of Midget each got a triple during this one.

GAME CALLED

First of three games played on July 22 was Watson's versus the Merchants. The game was called after four and a half innings on the 15 run difference rule. The final score being 25-10 in favor of Watson's. Twenty runs were scored by Watson in the first inning. Barclay Cobb was credited with the win. There was lots of action in this game with a double play, Cobb to Faris to Larson, Bill Atkinson's second homer of the season and Harry Seal scoring a triple, all for the Watson team.

Second game of the day ended with the **Cosmics,** 5, **Spacers,** 1; Steve Bailey was winning pitcher. A three-bagger by Chris Bowman, and an unassisted double play by Dave Jeane were highlights of the game. Jeane tagged the runner going to second base, and stepped on first in time for the second out.

The last game of the day was another close one, ending with **Noble's Market,** 11, **De Falco's, 9.** Richard Mange was credited with the one, but got a hand from Gail Helzer in the last inning. Mike McDonald got three hits out of three times at bat, two doubles and a homer. This was his second homer for the season.

Padres Adjust Schedule For Chargers Game

The San Diego Padres announced a change in playing times and dates for August 5 and 6.

The Padres have scheduled a double header for Saturday night, the first game to start at 6 p.m. on Aug. 5. A single game will be played Sunday night at 8 p.m. The Padres will be playing Spokane in a 7-game series.

The Padres are making these changes to cooperate with the Chargers in their first pro-game in San Diego against the Houston Oilers. Their game will start at 2 p.m. Sunday, Aug. 6.

Services Held For Clara Yeo

Services were held Tuesday at the Lemon Grove Masonic Temple for Clara E. Yeo, 59, who died Thursday at her home at 1727 Skyline dr., Lemon Grove, after a lingering illness.

Mrs. Yeo is past president of the Lemon Grove Kiwanniannes, Past Matron of San Miguel chapter of the Order of the Eastern Star, and past president of Past Matrons of Eastern Star Organizations.

She is survived by her husband, Lt. Cmdr. (ret.) James B. Yeo; her mother, Mrs. Anna Doty of the same address, and a sister, Mrs. Marie Forrester, of Lemon Grove.

Services were under the direction of Conrad's Lemon Grove Mortuary. Interment was at Ft. Rosecrans National Cemetery.

State Fair Nears

With opening of the California State Fair only a month away, judging of art exhibits entered in the big, 12-day show has gotten underway.

Plans for the State Fair's 12-day rodeo, its nightly fireworks extravaganza, livestock show, flower show, and scores of special events also are rapidly taking shape.

Already, a bevy of beautiful young women from all parts of the state have entered the Fair's Maid of California contest, and entries also have been received for the annual Rodeo Queen contest.

National Record Tied At Carman Ranch Swim

A national AAU (Amateur Athletics Union) swimming record was tied at the fourth annual Carman Ranch AAU Invitational Swim Meet held at the Carman Ranch Swim Club in Spring Valley on July 23 and 24.

It was the girls' 10 and under 100-meter medley relay. The time was 1:15.4 and the record was by four members of the Aquamarine Swim Club of Manhattan Beach, Cal.

Also, 20 PSA (Pacific Southwestern Assn.) AAU records were broken during the 44-event meet.

Nineteen teams containing 406 swimmers competed in this largest San Diego County meet of the season.

Carman Ranch swimmers winning awards were Brenda Holmberg, senior women's breaststroke, second; David Dawson, boys 11 and 12 breaststroke, second; Dawson, Treinen and John and Phillip Harter, boys 11 and 12 medley relay, 200 meters, second, and boys 11 and 12 freestyle relay, 200 meters, second.

There are some defeats more triumphant than victories.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 50% of the contract price, and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Directors of said District. The successful bidder shall also be required to meet the insurance requirements of the District as set forth in the General Conditions. All of said bond and insurance requirements shall be completed and submitted to the District within six (6) calendar days from the date the District gives written intention to award the contract. Failure to meet these requirements within the alloted time shall be sufficient cause for rejection of bid.

The Bidder shall be required to submit with the bid a guarantee of bonds on the form provided in the Specifications. All Plans and Specifications shall be returned to the District, whether or not a bid is submitted.

No bid will be accepted from a Contractor who is not licensed in accordance with the law under the provisions of Division III, Chapter 9 of the Business and Professions Code of the State of California.

The said Board of Directors reserves the right to reject any or all bids and/or waive any irregularity in a bid.

Forms of Proposal, Contract, Plans and Specifications may be obtained upon application to the District, for which a deposit of five dollars ($5.00) will be required. The deposit will be refunded provided said plans and specifications are returned in good condition within thirty (30) days of the bid opening. If plans and specifications are not returned within said 30 days the deposit shall be forfeited.

Nunez Joins 'Gold Patriots' In Seventh Army

FRANKFURT, GERMANY (AHTNC—Army PFC Morris Nunez Jr., 20, whose parents live at 9221 Carthay circle, Spring Valley, recently became a member of the Seventh U.S. Army's Order of Gold Patriots while serving with the 4th Armor Group in Germany.

Members of this voluntary movement have pledged their support of President John F. Kennedy in reducing the outflows of gold from the U.S. In so ding they have agreed to save a certain percentage of their pay each month. Chapters of the Order are being established in all units throughout the Seventh Army.

Nunez is a radio-teletype operator in the group's headquarters company in Frankfurt. He entered the army in February 1960 and completed basic training at Fort Ord.

Nunez is a 1959 graduate of Mt. Miguel High School and attended the University of Arizona.

Always remember to water plants well if you are going to spray them. You naturally try to select materials that will be easy on the plants, as well as ruthless on the insects. Nevertheless, the application of any spray material is bound to be something of a shock to plant life and giving the plants plenty of water before you spray them is equivalent to giving a man a good breakfast before he starts out to do a hard day's work.

And since thoroughness of application is half the battle against insects and plant diseases, be sure that you have a sprayer that gives you a good even coverage and an accurate mixture of the materials you apply. These things are just as important to success as the material you use.

Never fertilize immediately before spraying. This can be very disastrous to your plants, especially if you use a fertilizer high in nitrogen content.

Monte Vista High Student Heads Meet

The student body officers for the new Monte Vista High School are meeting every two weeks during the summer to make plans for the fall opening of this seventh high school in the Grossmont High School District.

At a recent meeting held at the home of Mr. Dean Leptich, Monte Vista English teacher and advisor to the student body commission, the subject "eligibility of school leaders" was discussed. During another meeting the group went over the subject of school sweaters and lettermen's jackets.

A complete sports program is planned for the school starting in the fall, according to principal Stan McClintic. Monte Vista students are calling themselves the "Monarchs."

Fred Michaels Dies In Oregon

The July 23 death of Fred Michaels, formerly of 3291 Harris st. in Lemon Grove. has been reported by a local friend. Michaels had recently moved with his wife and four children to Creswell, Ore., after about 10 years in this area as a hardwood floor contractor.

Michaels, who is in his early forties, is believed to have died from a heart attack. Survivors include his wife and children.

Interment will be in Gridley, Cal., Michaels' hometown.

Miles Hemenway, employe of a San Diego hardwood lumber company, was notified of the death.

NOTICE OF FILING PETITION FOR EXCLUSION OF LAND FROM THE HELIX IRRIGATION DISTRICT AND TIME OF HEARING THEREON

NOTICE IS HEREBY GIVEN that G. E. Channels, Denise B. Channels, Charles Kircher, Lucille Kircher, Milton A. Smyd, Genelle Smyd, Gustave Keller, Grace Keller, Marie Moreau, Elaine Murphy, Walter A. Young, Emma E. Young, Orville E. Anderson, Blanche Anderson, T. E. Fleming and Katherine H. Fleming, filed in the office of the Secretary of the Board of Directors of the Helix Irrigation District, on the 17th day of July, 1961, a petition praying that the land in said petition and hereinafter in this notice described, be excluded from within the boundaries of said District.

NOTICE IS HEREBY FURTHER GIVEN that all persons interested in or who may be affected by such change of the boundaries of said District are required to appear at the office of the Board of Directors of said District, at 8111 University Avenue, La Mesa, California, at 9:30 o'clock on Tuesday the 15th day of August, 1961, and show cause in writing, if any they have, why the change in the boundaries of said District as proposed in said petition should not be made.

The land hereinabove referred to is situated in the County of San Diego, State of California and more particularly described as follows:

All that portion of Tract 4 of the lands of the James Hill Estate, in Rancho El Cajon in the County of San Diego, State of California, according to the Partition Map thereof made in the action of Ben P. Hill, et al, vs. William G. Hill, et al, on file in the office of the County Clerk of said County, a certified copy of said Map being filed in the office of the County Recorder of said County as Miscellaneous Map No. 282, bounded and described as follows:

Beginning at a point on the Northerly line of Lot 2, Block 17 of the Subdivisions of the "S" Tract, Rancho El Cajon, according to Map thereof in Book 170, page 71, of Deeds, Records of said County, distant Westerly, along the Northerly lines of Lots 2 and 3 of said Block 17, a distance of 722.75 feet from the Northeast corner of said Lot 3 of said Block 17, said beginning point being also an angle point in the boundary of the Helix Irrigation District, and a point on the boundary of the Rio San Diego Municipal Water District;

Thence, leaving the boundary of said Rio San Diego Municipal Water District, along the boundary of said Helix Irrigation District the following courses:

1. Northerly, parallel with the Northerly prolongation of the East line of said Lot 3, Block 17, to the Northwest corner of the West half of the South 624.43 feet of the East 1445.50 feet of the West 98.60 acres of the Northeast Quarter of Section 36, Township 15 South, Range 1 West, S.B.B.M., said Northwest corner being also the Northwest corner of Record of Survey Map No. 2916, filed in the office of the County Recorder of said County;
2. Easterly, parallel to said Northerly lines of Lots 2 and 3, Block 17, a distance of 722.75 feet to an intersection with the Northerly prolongation of the East line of said Lot 3;
3. Southerly along said Northerly prolongation to an intersection with the Easterly prolongation of the Northerly line of that parcel of land conveyed to Vernice Okoski by deed recorded March 29, 1956 as file No. 43498, in Book 6038, page 249, Official Records of said county;
4. Thence, leaving the boundary of said Helix Irrigation District, South 89°57' West along said Easterly prolongation and along said Northerly line, and continuing along the Northerly line of land conveyed to Alec Walter Okoski by deed recorded March 7, 1956 as file No. 31379 in Book 6006, page 159, Official Records of said County, to the Northwest corner thereof;
5. Thence, along the Westerly line of said land conveyed to Alec Walter Okoski, South 0°31' East 315.02 feet to the South line of said Record of Survey No. 2916, being also the Northerly line of said Lots 2 and 3 of Block 17, and a point on the boundary of said Rio San Diego Municipal Water District, at a point distant South 89°57' West 315.96 feet from the Southeast corner of said Record of Survey No. 2916;
6. Thence Westerly along said Northerly line and said Rio San Diego Municipal Water District boundary to the point of beginning.

NOTICE OF PROPOSED CHANGE OF ZONE BOUNDARIES OR CLASSIFICATION

(La Presa Zoning District)

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a hearing on Tuesday, August 8, 1961, at 2:00 p. m., in Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, on a proposal for an amendment to The Zoning Ordinance (County Ordinance No. 1402 (New Series)) to change the zone classification of the following-described property, and adjacent areas, within District No. 15, La Presa Section, San Diego County, from M-2 Zone to M-3 Zone, or a more restrictive zone:

All that portion of Quarter Section 1 of Rancho de la Nacion according to Map thereof No. 166 on file in the office of the County Recorder of said County, and all that portion of Lots 18, 19 and 30 of Subdivision of Tract "H" of Jamacha Ranch according to Map thereof No. 812 on file in the office of the County Recorder of said County, described as follows:

Beginning at a point on the Northeasterly line of said Quarter Section 1, distant thereon 500 feet from the most Easterly corner thereof; thence at right angles to said Northeasterly line S 70° 50' W to an intersection with the Easterly right-of-way line of Road Survey No. 1379, plat thereof on file in the office of the County Surveyor of said County; thence Southerly along said Easterly right-of-way line to its intersection with the Southeasterly line of said Quarter Section 1, thence Northeasterly along said Southeasterly line to said Easterly corner of Quarter Section 1; thence N 46° 50' E a distance of 315.00 feet; thence N 30°05' E a distance of 329.00 feet; thence N 40° 25' W a distance of 169.00 feet; thence N 63° 30' W a distance of 197.00 feet; thence N 25° 20' W a distance of 73.83 feet; thence S 63° 25' 13" W a distance of 332.95 feet to an intersection with said Northeasterly line of Quarter Section 1; thence S 19° 10' E along said Northeasterly line a distance of 171.74 feet to the point of beginning.

This hearing is being held pursuant to the application of James E. Reeder that the zone classification of a portion of the above described property be changed to M-3 Zone.

The County Planning Commission, after making the investigation and holding the hearing required by law, has recommended that a portion of the above described property be rezoned to M-3 Zone.

For further details reference is hereby made to the application, the recommendation of the County Planning Commission, including a proposed amendatory ordinance submitted by said Commission and a map showing the proposed change, which are on file in the office of the Clerk of the Board of Supervisors, Room 306 of said San Diego City and County Administration Building.
